

YI-CHUN CHEN

EXPERIENCE

ServiceNow

Sr. Product Designer

Mar 2022 – Present

- Ship experiences for UI Builder, a low-code enterprise app-building tool on the Now Platform, to accelerate time-to-market for custom ServiceNow apps.
- Through prototyping and concept testings, develop product strategies and visions for features including data-binding and layout configurations.
- Contribute icons and components to the Now Design System.

Product Designer

Jun 2020 – Feb 2022

- Led the designed for the form editing experience of Table Builder within App Engine Studio. Consolidated the end-to-end form creation and editing workflows from 15 disparate tools into a unified product through research and rapid iterations.
- Ensured the consistency of 100+ component configuration designs on UI Builder platform by creating design guidelines for internal contributor teams.

Zell Lurie Institute, University of Michigan

UX Designer

Sep 2019 – Apr 2020

- Redesigned the Content Management System for LineLeap, a nightlife marketplace app supported by YCombinator. Transformed the admin system from an internal tool to a business-facing dashboard and inventory management platform and reduced necessary steps for bar owners to add inventory by 50%.
- Shipped the first version of mobile app design for YourCheck, a background check mobile app platform currently in beta that empowers gig workers and consumers.

Clinic, Inc.

UX Intern

Oct 2019 – Dec 2019

- Revamped the product personas and documented common workflows for Clinic's enterprise-facing conversational AI platform. Revealed eight major challenges of the AI developer platform and suggested a series of actions that led to the team's 2020 development roadmap.
- Communicated key usability issues and proposed design recommendations for a versioning feature and a new script editor design of the AI platform.

Essential Products Inc.

UX Research Intern

Jun 2019 – Aug 2019

- Conducted usability studies for the interface design of a smart phone product. Evaluated the usability of the Android-based OS on the device's unique form factor and provided potential design solutions to improve the interaction experience.
- Using an internal workshop and desk research, determined the target user groups and compelling use cases for future product pitches and marketing directions.

Synology Inc.

Marketing Specialist

Oct 2016–Jul 2018

- Led all marketing strategies for the ANZ, Middle East, and South Africa markets of Synology, a network-attached storage leader. Designed on-and off-line marketing collateral and drove all marketing initiatives to promote Synology's hybrid cloud, data storage and backup, virtualization, and networking solutions.
